## Teacher

Noah's Ark English Pre-school is looking for an experienced teacher to join their team of teachers serving the Lord in Düsseldorf, Germany

### **An Impact for eternity**

As a teacher at Noah's Ark Pre School you will spend your days encouraging international children aged 3, 4 and 5 year olds to grow in their physical, social, emotional, intellectual and spiritual lives. Düsseldorf is a European base for many international companies, whose employees often move to live as expatriates in Düsseldorf for a short time. Many of them have pre school age children and seek appropriate schooling. Teaching at Noah's Ark provides wonderful opportunities to encourage the children of these families who are from all over the world.

Noah's Ark also serves local children from German families. Many of these children do not speak any English when they begin Noah's Ark, and it is amazing to watch them grow and develop. We currently have 12 nationalities represented amongst our 20 children, where the parents come from many different backgrounds, cultures and religions. The opportunities to minister to the children are unending! The children pray before snack and lunch. We pray for their friends who are not well. We read Bible stories everyday. We teach that God created everything, including them!

### **Touching Families with the light and Love of Christ**

Our School has a warm, loving and lively environment, offering a Christ centred education for our students during their time in pre school. We feel it is important to provide a stable environment for the children, as many of them are living in a country that is not their own, with an unfamiliar culture and language. We feel it is essential that they feel as cared for and as loved as possible.

Applicants should be native English speakers with a warm heart and a lot of love to give to children from all over the world!

The following is a partial list of benefits we assist our teachers with:

- Shared housing for the teachers
